

Aachen Conference on Gear Production (ACGP)

6 - 7 November, 2024 in Aachen, Germany

Become an Event Partner and Represent
Your Company at the Conference!

Our Guests | An Audience of Industry Professionals

A dialog between industry and research on the future of gearbox production – what and how will we manufacture tomorrow

Goal: The exchange of knowledge and experience between research and industry.

Around 160 experts from
all over the world

Target audience: Management, project and development engineers, design, development, logistics, and assembly technicians.

Companies: Large and medium-sized companies, from OEMs to system and component suppliers.

2024 Topics

Materials for gearbox components and tools | Forming and soft machining of gearbox components | Heat treatment | Hard-fine machining | Process monitoring and digitalization | Tools and clamping devices for hard and soft machining | Bearings, shafts, and casings | Lubricants for metalworking, assembly, and corrosion protection | Lightweight construction, plastics, and coatings | Measurement technology | Assembly, handling, and quality management | Manufacturing X / OPCUA | Sustainable gearbox production

Partnership | Put Your Company in the Spotlight

3 reasons you should become an active partner at the ACGP

1

A targeted audience
